## **FLIGHT BOOKING INSTRUCTIONS**

**Please visit our Flight Page on the SPI website for complete instructions on booking your flight:**

**[www.spiabroad.com/flightinfo.asp](http://www.spiabroad.com/flightinfo.asp)**

---

## **OUTBOUND FLIGHTS FROM SELECT CITIES**

As a convenience, SPI designates outbound flights from select cities which have high expected enrollments (ie. Austin, Dallas, Houston). It is possible that your city will not be listed. Although it is not required to book on these flights, it is strongly encouraged. **It is only required to book on the designated international flight. We do not designate return flight options.**

### **PLEASE NOTE:**

Director Flights are booked in January. Please keep in mind that Head Program Directors often will travel ahead of the program group 1-2 days prior. SPI normally has Assistant Directors or staff to travel on the designated international flight segments, but we cannot guarantee that a chaperone will be on the connecting flight from your departure city.

---

## **IMPORTANT NOTICE ABOUT AIRLINE SCHEDULE CHANGES**

Airlines will often change schedules slightly for certain flights. In the contract of carriage they have the right to do this at any given time. Since SPI has NO CONTROL OVER AIRLINES OR THEIR SCHEDULES, it is important to note that after you purchase your flight the schedule of a certain flight number COULD change. The airline will notify of any changes directly.

Understand that even though the schedule may change, as long as you have booked on the correct FLIGHT NUMBER you will still be on the correct flight. IT IS NOT NECESSARY TO SEND SPI A NEW COPY OF YOUR FLIGHT ITINERARY UNLESS A FLIGHT NUMBER HAS CHANGED.

**EXAMPLE:** A common schedule change is on Continental Airlines Flight #62 to Madrid. Currently it is scheduled to depart at 8:30 PM but 2 months prior to departure the departure time could be changed to 8:42 PM (only 12 minutes difference! And it is LATER!)

**\*\*\*DUE TO THESE SMALL SCHEDULE CHANGES, THE FLIGHT TIMES YOU MAY ENCOUNTER WHEN BOOKING ONLINE, MIGHT DIFFER SLIGHTLY TO THE TIMES WE HAVE POSTED BELOW. AS LONG AS YOU ARE BOOKING ON THE SAME FLIGHT NUMBER, YOU ARE ON THE CORRECT FLIGHT! \*\*\***
